President, Members and Guests
Florida Division
International Association for Identification
Seventeenth Annual Seminar

Welcome—

It is with a great deal of pleasure that I welcome the Florida Division of the International Association for Identification to the Pensacola area.

We are delighted to extend to you the traditional friendliness of our people and the many recreational and cultural opportunities which abound here.

We hope that your stay will be most pleasant and that this important seminar will be both productive and successful. It will be an honor for us to have you visit our "City of Five Flags" and a pleasure to be of service to you.

Sincerely,

PRESIDENTS MESSAGE

On behalf of the Florida Division of the International Association for Identification, it is with pleasure to welcome you all to Pensacola for our 17th Annual Educational Seminar. Our hosts Escambia, Santa Rosa, Okaloosa County, for the past year have been working and planning for this seminar which is now being presented to you. You, as the membership now have the opportunity to take part in this fine program being conducted here.

Our state association of the I.A.I. is the largest state group and with this gives us a greater expanse of expertise in our fields. With this in mind we should all share our knowledge and expertise with one another, and now is the time to do so at this seminar and all of our seminars that we conduct and again I remind you that we do need the coordination, cooperation and communication of all of the membership. I know that you all shall enjoy our seminar and related outside programs being held here in Pensacola. Have a good time, get together, exchange ideas, and knowledge.

I wish to thank all of you who have assisted me this past year.

Thurman Ray
President of F.D.I.A.I.

FLORIDA STATE DIVISION
INTERNATIONAL ASSOCIATION FOR IDENTIFICATION

PREAMBLE TO THE CONSTITUTION

NAME AND OBJECT

This organization shall be known as the Florida State Division of the International Association for Identification, a non-profit organization, and is formed for the following purposes:

- (a) To bring persons who are actively engaged in the profession of identification and scientific investigation into an organized body so that the profession in all of its branches may be standardized and effectively and scientifically administered.
- (b) To encourage the improvement of the science of fingerprints and other branches of scientific identification and investigation.
- (c) To encourage research in scientific investigation.
- (d) To keep its members apprised of the latest techniques and discoveries in scientific investigation.
- (e) To raise the standards of all personnel engaged in scientific crime detection.
- (f) To employ the collective knowledge of the profession to advance the scientific techniques of identification and investigation.
- (g) To use the knowledge of this association to encourage bureaus of investigation and identification to adopt modern methods.
- (h) To endeavor to elevate the standards of the membership of this association, inspire a just pride in their profession, and by their united efforts, reduce crime by making identification certain, and to aid society generally, and,
- (i) By cooperation between the several states of this and other countries to make more effective the work of the identification expert, and to promote any advance in science and research in one locality, so that it can be disseminated in other places through the medium of its delegates in conference assembled, and by other means of communication.

ARTICLE I

MEMBERSHIP

- Sec. 1. The membership of this association shall consist of Life Members, Active Members, and Associate Members. Only citizens of the United States of America are eligible to Active and Life Membership in this Association. All classification of membership shall be elected by a two-thirds vote of delegates assembled.
- Sec. 2. LIFE MEMBERS: Shall consist of all Past Presidents of the Florida State Division and any member who has paid dues continuously for 20 years and who has not been suspended by action of the Board of Directors. Life Members shall not be subject to yearly contributions.
- Sec. 3. ACTIVE MEMBERS: The active membership of this association shall consist of Superintendents or Officers in charge of Bureaus of Identification, Sheriffs, Chiefs of Police, and all other persons who are engaged in the various phases of identification and who are bona-fide employees of, and receiving salaries wholly or in part from National, State, County, or Municipal Governments, or some subdivision thereof within the State of Florida. An Active Member upon retirement, may continue such membership.
- Sec. 4. ASSOCIATE MEMBERS: All reputable persons, wholly or partially engaged in any of the various phases of the science of identification or investigation, and who are not qualified for Active Membership, are eligible to become Associate Members. They shall in all respects, be subject to the same rules, fees, and charges, and entitled to the same rights and privileges as Active Members, except that they shall not be eligible to vote or hold office.
- Sec. 5. All new applicants who have had less than one full year of full-time activity in the field of identification preceding the date of application will qualify only as Associate Members on his or her acceptance by the Board of Directors for a period of one year. Following the existing one year period of his or her Associate Membership, subject member will automatically be designated as an Active Member without payment of any fees except the annual membership dues.

ARTICLE II

- Sec. 1. All applications for Active or Associate Membership shall be submitted on an official application form, which provides for inked fingerprints and other information regarding the qualifications of the applicant, and a 2"x2" recent photograph of the applicant. The official forms must bear the signature of the member recommending the applicant. The applicant will forward the form and attached photograph together with a check or money order in the amount of \$10.00 made payable to the "FDIAI", to the District Director of the district in which the applicant is employed. After the District Director is satisfied of the applicant's desire and suitability, the application, check, and photograph will be forwarded to the membership Chairman for further processing. Membership Chairman will then submit same to the State Identification Agency and the Federal Bureau of Investigation for the sole purpose of determining whether or not the applicant has a criminal record.
- Sec. 2. Reports from the State Identification Agency and the Federal Bureau of Investigation shall be considered by the Membership Chairman and the Board of Directors, who, by a vote, may elect to accept or reject the applicant.
- Sec. 3. Only Active and Life Members may vote as delegates at any conference, provided they appear in person at said conference and, except as to Life Members, all his contributions and assessments are paid to date.

ARTICLE III

- Sec. 2. The annual contribution of Active and Associate Members shall be \$10.00 and shall be due and payable October first of each year.
- Sec. 3. All applications for membership in the association must be accompanied by the payment of the Initiation Fee and contribution, which amount shall be returned to the applicant in case of rejection of such applicant.

- Sec. 4. No member or applicant for membership shall be exempt from the payment of Initiation Fees, contributions, or assessments, except Life Members.
- Sec. 5. Fees and contributions paid by an applicant into the association between October 1st and September 30th of the following year, shall be applied to the fees for the fiscal year only.
- Sec. 6. The Board of Directors is empowered, by unanimous vote only, to levy assessments upon the membership, when in its judgment the needs of the association requires such action.
- Sec. 7. A member who is delinquent in the payment of contributions for the current year, more than twelve (12) months from the due date October 1st., is not deemed in good standing, and it shall be the duty of the Secretary-Treasurer to immediately notify such member by CERTIFIED MAIL, directed to his last known place of residence that his membership will be suspended for non-payment of contributions for that fiscal year. The Secretary-Treasurer shall immediately notify the Board of Directors, in writing, of such suspension. All such suspensions shall be confirmed in writing by the Board of Directors, and shall remain in full force and effect unless otherwise ordered by the Board of Directors.
- Sec. 8. REINSTATEMENT: In the event a member is suspended for non-payment of contributions as provided for in Sec. 7, he shall be reinstated only by action of the Board of Directors upon payment of such sum of money or condition imposed by the said Board.

ARTICLE IV

4. Sub-Chairman on Questioned Documents
5. Sub-Chairman on Fingerprints
6. Sub-Chairman on Miscellaneous

- A. The Committee shall be empowered to add to its membership any suitable person, provided this addition is approved by the members in conference assembled or by action of the Board of Directors.
- B. All subject material presented to the various committees shall be presented to the Secretary-Treasurer for inclusion in the newsletter so that all members may be aware of the matters under consideration by the various Science and Practices Committees.
- C. In case of a difference of opinion among the members of the committee, the matter shall be re-submitted to them accompanied by the comment and criticism of the various members of the committee; and then after this second review, the decision of the majority of the whole committee shall be considered as final.

Sec. 9. MEMBERSHIP COMMITTEE: Shall consist of an appointed Chairman and the current District Directors, who shall have the responsibility of securing new members. The Chairman shall be appointed by the incoming President within two (2) weeks after his election.

SCIENCE AND PRACTICES COMMITTEE

CODE OF ETHICS

The Science and Practices Committee of the Florida State Divisions of the International Association for Identification may be called upon at any time to consider various products, procedures or problems which are directed to the President, Chairman, or Secretary in writing by the members of the association. The following outlines and procedures to be followed by the Science and Practices Committee:

1. If the matter pertains to a PRODUCT, and is deemed to come within the scope of this committee, the committee will examine the product, and announce the existence of the same in the monthly NEWSLETTER.

2. If the matter pertains to a PROCEDURE, the committee will consider the subject and will request the author to prepare an article describing the procedure, for publication in the monthly NEWSLETTER.
3. If the matter pertains to a PROBLEM, the committee will study the particular problem in its entirety, and subsequently report on the matter to the author and the association. The category of the problem will include inquiries for information, questionable articles appearing in the news media, the falsification of fingerprints and all other identification techniques, the presentation of erroneous or misleading testimony, etc.

Nail the evidence down fast. Right on the spot.

The mobile evidence collection system you need to back-up officers on the scene.

Crucial evidence won't wait. And old-fashioned, slow-paced evidence collection methods don't cut it in court today. To put your department on top of the latest technology in this vital area, check out Fargo International's newest model in mobile evidence collection units (ECU), the SIRCHIE MCL009.

Now with stand-up workspace. A roomy 74" of headroom, 12' x 7' air-conditioned interior, and built-in modularized cabinetry. Complete with self-contained evidence collection system, including all tools

necessary for photography, collection and field analysis.

Training included.

With the MCL009 ECU, all you provide is manpower. Your selected technician will receive a comprehensive, 40 hour (college-accredited) training course, at no additional cost.

Veriprint-10. An inkless system that delivers permanent, contrasting, definitive, non-smearing print impressions. Acceptable by the F.B.I. for search, classification and retention.

Inkless Pressure Proof Pad.

Veriprint-10 has an inkless Pressure Proof Pad that is always ready to use. It has an ideal surface that precisely meters the right amount of solution to the fingers for classifiable, non-smearing prints. Ridges, swirls and deltas always come out crisp and clear. Not only on the first card but on multiple sets of prints of the same hand. Unlike ink, the Veriprint solution never accumulates between ridges, swirls and deltas.

Consistent results with minimal rejections.

Count on good prints with Veriprint-10. It will give you impressions that are uniform in contrast, consistently clear and permanently bonded to the fingerprint card. The use of good techniques, combined with Veriprint-10's non-smearing system, means almost no rejects. That's a savings to you both in time and materials.

Use with any fingerprint card.

Any standard fingerprint card can be used with the Veriprint-10. And, since the print impressions dry immediately, the fingerprint cards can be handled without smearing or smudging.

It's quick and clean.

Forget the obsolete fingerprinting methods, Veriprint-10 is always ready to use. There's no need for preparation — fingerprint ink, ink roller or inking slab. And, no need for slab cleaner, roller cleaner or hand cleaner. No messy clean-up for you or the subject.

Functional design for easy operation.

Veriprint-10 is a compact, lightweight, desk-top unit. It's completely self-contained, and requires no batteries or power for operation. This permits complete portability for in-house, or in-the-field usage. And with Veriprint-10, routine fingerprinting becomes an uncomplicated, easy task.

Simple procedure.

1. Fingerprint card is placed in tray and inserted into chamber. Button is depressed to release developer.
 2. After a few seconds card is removed from the tray.
 3. Using the Pressure Proof Pad — make your prints.
- When handling the completed fingerprint card, you need not be concerned with smearing or smudging.

Permanent prints — proven by laboratory tests.

The prints obtained using the inkless Veriprint system were evaluated by three independent laboratories. These tests were conducted according to official American Society of Testing Materials procedures to insure the reliability and permanence of the prints.

The fingerprints were proven to be permanent under a variety of extreme physical and chemical conditions.

The results of these rigid stability tests assure you that Veriprint fingerprints remain stable and unchanged under the most severe environmental exposure.
