## OCTOBER 25-29

### 66<sup>TH</sup> ANNUAL CONFERENCE

LUMINARY HOTEL & CO.  
MARRIOTT AUTOGRAPH COLLECTION  
FORT MYERS, FLORIDA

### EXHIBITOR'S KIT

## BACKGROUND:

The Florida Division of the International Association for Identification is the largest state division of the parent body, the IAI. There are nearly 1,300 members in the association and although the majority of members reside within the state of Florida, we have many members from throughout the United States. Its members consist of law enforcement professionals dedicated to the forensic sciences including crime scene, latent fingerprints, firearms, DNA, and other disciplines within this field.

The FDIAI annual conference has been in existence for 66 years. It has evolved into the largest IAI division conference in the United States. The conference will run from Sunday through Thursday with the exhibitor's display open from Monday through Wednesday.

The conference includes several (2) and (4) hour workshops in every subject from photography to chemical processing. General sessions cover the forensic sciences from crime scene safety to latent print enhancement and AFIS systems.

The FDIAI Annual Conference this year is one of the most cost effective means for law enforcement agencies to train their forensic personnel. There is no similar training available anywhere in the U.S. at a comparable cost. Command personnel routinely attend this conference to see the latest forensic equipment available to purchase and often is their only opportunity to see it all in one place.

## EXHIBITOR INFORMATION
